Description- specifications

FERTICELL NUTRIPLUS NITROGEN 8% Liquid amino is an ecological liquid fertilizer, indicated for the prevention and correction of nitrogen deficiencies, it favours the growth and vigour of all plants & is **Free**

FERTICELL NUTRIPLUS NITROGEN 8% Liquid amino can be applied both foliar and/or irrigation in all kind of crops. It contains unicellular algae, being completely neutral and biologically active, making the assimilation of nitrogen that accompanies it faster and more complete.
